

ERICA GATTS

Experience Design Leader

Strategist, designer, and researcher committed to creating novel and meaningful solutions for real-world problems

Employment

Senior Manager, Experience Design | Foundation Medicine

December 2021 - Present

- Lead a team of designers and researchers to develop innovative solutions for effectively communicating complex genomic information to oncologists and their patients.
- Improved oncologist comprehension of precision oncology treatment options by 23% in a dedicated study on clinical decision making practices.

Lead Design Strategist | Highmark Health

January 2019 - December 2021

- Spearheaded multiple enterprise initiatives to enhance patient and clinician experiences.
- Developed a comprehensive 5-year behavioral health strategy by conducting generative research and leading a team of 5 design researchers.
- Researched the factors behind decreasing patient engagement with mental health services, leading to a tiered strategy for services and outreach implemented across Highmark's footprint.
- Drove the discovery and conceptualization of a groundbreaking product to simplify Medicare enrollment for seniors, increasing customer conversion rates by 15%.

Senior Experience Designer | PNC Bank

February 2017 - January 2019

- Contributed to PNC's Innovation team by conducting in-depth user research and designing solutions for microbusiness owners, personal lending, and corporate customer relationship building.
- Increased PNC's Corporate and Institutional Banking's customer outreach numbers for 2018 from 12% to 32%.
- Lead research that culminated in the development and rollout of 2 new banking roles to support microbusiness and home equity lending customers.

Lead Designer | UPMC Enterprises + GE Healthcare

August 2014 - September 2016

- Managed a team of 5 designers to successfully launch GE's radiology software suite across UPMC hospitals.
- Improved radiology exam turnaround times by 11% through design-led innovation.

Senior User Experience Designer | athenahealth

July 2013 - August 2014

- Contributed to the design of athenahealth's award-winning Patient Portal.
- Led design and research efforts for population health and preventive care initiatives, resulting in increased patient adherence to treatment plans.
